Subject:	RE: TRI PFAS Search

Hi Antony,
  Would you know of a way to identify all PFAS used to manufacture fluorinated polymers? The NDAA requires us to evaluate:

"(O) a perfluoroalkyl and polyfluoroalkyl substance or class of perfluoroalkyl or polyfluoroalkyl substances other than the chemicals described in subparagraphs (A) through (N) that is used to manufacture fluorinated polymers, as determined by the Administrator."

Thanks.
Dan

Dan,
Please find my comments inserted below...apologies for the delayed response but I have just returned from a three day trip to the West Coast

Hi Antony,

Ex. 5 Deliberative Process (DP)

Any help much appreciated.

Thanks.
Dan
